Annexure D: Additional Conditions of Contract

1. Correction of arithmetical errors

Provided the financial Bid is substantially responsive, the procuring entity will correct arithmetical errors during evolution of financial Bid on the following basis:-

- I. If there is a discrepancy between the unit price and the total price that is obtained by multiplying the unit price and quantity the unit price shall prevail and the total price shall be corrected, unless in the opinion of the procuring entity there is an obvious misplacement of the decimal point in the unit price, in which case the total price as quoted shall govern and the unit price shall be corrected.
- II. If there is an error in a total corresponding to the addition or subtraction of subtotals the subtotal shall prevail, and the total shall be corrected; and
- III. If there is a discrepancy between words and figures the amount in word shall prevail, unless the amount expressed in word is related to an arithmetic error in which case the amount in figure shall prevail subject to (i) and (ii) above. If the Bidder that submitted the lowest evaluated Bid does not accept the correction of errors, its Bid shall be disqualified and its Bid Security shall be forfeited or its Bid securing declaration shall be exculpated.

2. Procuring Entity's Right to vary Quantities:-

- I. At the time of award to contract the quantity of goods, work or services originally specified in the Bidding document may be increased or decreased by a Specified percentage but such increase or decrease shall not exceed twenty percent of the quantity specified in the Bidding document it shall be without any change in the unit prices or other terms and conditions of the Bid and the conditions of contract.
- II. If the procuring Entity does not procure any subject matter of procurement or procures less than the quantity specified in the Bidding document due to change in circumstance, the Bidder shall not be entitled for any claim of compensation except otherwise provided in the conditions of contract.
- III. In case of procurement of Goods or services additional quantity may be procured by placing a repeat order on the rate and conditions of the original order. However the

additional quantity shall not be more than 25% present of the value of Goods of the original contract and shall be within one month from the date of expiry of last supply. If the suppliers fail to do so, the procuring entity shall be free to arrange for the balance supply by Limited Bidding or otherwise and the extra cost incurred shall be recovered from the supplier.

3. Dividing quantities among more than one Bidder at the time of award (in case of procurement of goods):-

As a general rule all the quantities of the subject matter of procurement shall be procured from the Bidder, whose Bid is accepted. However when it is considered that the quantity of the subject matter of procurement to be procured is very large and it may not be in the capacity of the Bidder, whose Bid is accepted, to deliver the entire quantity or when it is considered that the subject matter of procurement to be procured is of critical and vital nature, in such case, the quantity may be divided between the Bidder, whose Bid is accepted and the second lowest Bidder or even more Bidders in that order, in a fair, transparent and equitable manner at the rate of the Bidder, whose Bid is accepted.
